

# Isaiah: 61

## Free Construction Training

**Isaiah: 61** this Construction Training Program offers free training for men and women looking to enter into the construction field. This is a 500 hour course and when completed a tool belt and hand tools are given to each student along with an Associated Builders & Construction/NCCER Construction Certificate, OSHA 10 certificate, and a building maintenance certificate.

For additional information call 870-3979.
