

CYBER SECURITY ANALYST – WILLIAMSVILLE, NY

National Fuel is currently seeking an entry level **Cyber Security Analyst** for an outstanding career opportunity in our **Information Services** department located at our corporate headquarters in Williamsville, NY. As a member of the National Fuel team, you will enjoy an exciting and challenging work environment where top performance is recognized and rewarded.

PRIMARY RESPONSIBILITIES:

Utilizing a wide range of technologies, the Information Services group develops, installs, maintains and administers business critical infrastructure and computer applications for many subsidiaries of National Fuel. The successful candidate will assist those efforts by providing security related expertise to both the application and the underlying infrastructure tier. This position participates in a cyber-dedicated group charged with maturing both the broader security program as well as specific technologies in use at National Fuel. The successful candidate will have the opportunity to work with a mentor within our Cyber Security group, initially focusing on performing threat and vulnerability assessments, and assisting in the monitoring of security systems.

MINIMUM QUALIFICATIONS:

- Bachelor's degree
- Exceptional analytical and problem solving skills and strong technical competencies
- Ability to grasp new technologies and security concepts
- Initiative, professionalism, excellent interpersonal and communication skills
- Ability to work independently as well as in a cooperative team environment

PREFERRED QUALIFICATIONS:

- Bachelor's degree in Computer Science, Management Information Systems, or related field
