

ENERGY CONSULTANT – WILLIAMSVILLE, NY

National Fuel is currently seeking an **Energy Consultant** for an outstanding career opportunity at our Headquarters in Williamsville, NY. As a member of the National Fuel team, you will enjoy an exciting and challenging work environment where top performance is recognized and rewarded.

PRIMARY RESPONSIBILITIES:

- Manage the investigation, development and implementation of emerging natural gas end use technology through local demonstration projects and/or coordination with various technology organizations.
- Evaluate opportunities associated with the NY State Reforming the Energy Vision (REV) framework, such as Combined Heat & Power (CHP), Natural Gas Vehicles (NGV), Renewable Natural Gas (RNG), Zero Net Energy (ZNE) homes/buildings and Geothermal installations.
- Work with internal large commercial and industrial account representatives to create a strategic plan to integrate our customer's needs with innovative and holistic energy solutions by facilitating technical and/or economic analyses.
- Serve as the primary point of contact for assigned large industrial and commercial accounts within a geographic territory to grow a long-term relationship and provide guidance to their business and energy needs.

Travel within western New York and occasionally in northwest Pennsylvania is required.

MINIMUM QUALIFICATIONS:

- Bachelor's Degree in Engineering, Business or Energy-related concentrations.
- Exceptional analytical skills, outstanding attention to detail, and excellent verbal and written communication skills.
- Proficient in Microsoft Word, Excel, Outlook, PowerPoint.

PREFERRED QUALIFICATIONS:

- Technical experience and/or knowledge of energy technologies including HVAC and industrial processes.
