- Works well independently or collaboratively in a team environment

PROFESSIONAL EXPERIENCE

09/2016 – 04/2021

Tester

Aavid Niagara, Niagara Falls, NY

- Tested heat exchangers utilizing pressure sensors and hydrostatic testing to ensure products meet rigorous benchmarks for customers.
- Measured dimensions of products to verify conformance to specifications, using measuring instruments, such as rulers or micrometers.
- Made minor adjustments to equipment, such as turning setscrews to calibrate instruments to required tolerances.
- Recorded inspection or test data, such as weights, temperatures, grades, or moisture content, and quantities inspected or graded.
- Inspect or test raw materials, parts, or products to determine compliance with environmental standards.
- Cleaned, maintained, calibrated, or repaired measuring instruments or test equipment, such as dial indicators, fixed gauges, or height gauges.
- Moved freight, stock, or other materials to and from storage or production areas, loading docks, delivery vehicles, ships, or containers, by hand or using trucks, forklifts, or other equipment.

05/2012 – 09/2016

Machine Operator

Tulip-Richardson Molded Plastics, Niagara Falls, NY

- Observed continuous operation of automatic machines to ensure that products meet specifications and to detect jams or malfunctions, making adjustments as necessary.
- Set up, operated, or tended plastic molding machines to mold or cast thermoplastic parts or products.
- Smoothed and cleaned inner surfaces of molds, using brushes, scrapers, air hoses, or grinding wheels, and fill imperfections with refractory material.
- Unloaded finished products from conveyor belts, pack them in containers, and place containers in warehouses.
- Inventoried and recorded quantities of materials and finished products, requisitioning additional supplies as necessary.
- Discarded or rejected products, materials, or equipment not meeting specifications.

Education and Certifications

GED

South Junior High School, Niagara Falls, NY
