

Senior Community Services Employment Program (SCSEP)

may be able to assist you.

How SCSEP Works:

- Part-time employment training program for income eligible Niagara County residents age 55+ years.
- Participants work 20+ hours per week, minimum wage, in a community or government agency setting.
- Wages earned do not affect your SNAP/subsidized housing
- Participants are engaged in job readiness training while working.
- The goal is full-time, self-supporting employment.
